

To: Troy Hughes

Sela Commercial Division

This letter is to thank you for all the great work you have done. Over the years Sela has completed many projects for Associated Bank and has always provided excellent customer service. Sela is my preferred roofer, from large to small jobs; Sela always provides top notch service. I would recommend Sela to anyone looking to have a quality roofing job. From the bidding process to the final product Sela provides great service. Start to finish Sela knows how to get the job done right the first time.

Thank you so much for providing piece of mind. I know when your crew is on site the work will be completed on time and on budget.
